

I have an interesting Lifestyles story featuring a well respected orthopedic surgeon in the community, Dr. Robert Teasdale.  
Dr. Teasdale was named one of the Top Docs in Marin Magazine recently, as well as being named one of the top doctors in the Country by US News and World report just a few months ago.

Dr. Teasdale has been providing free athletic physicals to the high school students of Marin to raise funds for the athletic department of each school. This year will mark his 25th anniversary of offering his services to the students of Marin, where he sees an average of 500 students over the course of two consecutive weekends, donating 100% of his time to this cause.  
The physicals are done in August each year.

Parents are asked to make a donation to the school for the physicals, but no student is turned away if they're unable to pay. The Athletic Directors will tell you that it is one of the biggest fundraisers for the schools and that Dr. Teasdale is one of the most accomplished and dedicated surgeons in this community. He was inducted in the Marin Athletic Foundation Hall of Fame for his dedication in serving the youth of Marin for so many years in this way.

The schools that offer these physicals are Tam HS, Drake, San Rafael HS, San Marin HS, Terra Linda HS and Novato HS.

Dr. Teasdale has been in solo practice in Greenbrae, California for the past thirty-two years. He is on the staff of Marin General Hospital as well as St. Francis Medical Center in San Francisco. Dr. Teasdale is very well known for his expertise in treating trauma cases at Marin General's Emergency Room.

Not every sports injury requires a trip to the Emergency Room, however, and he offers great advice on how to prevent injuries, what to do immediately following an injury, as well as treatment and expectations for recovering.

Please let me know if you have interest in a Lifestyles feature of Dr. Teasdale. I think it would be a great piece that would raise awareness of this upcoming fundraiser in August as well as be very informative to the sports enthusiasts in Marin.

Thank you.
